

Dance with a
difference

In September I can go back to Dance with a Difference

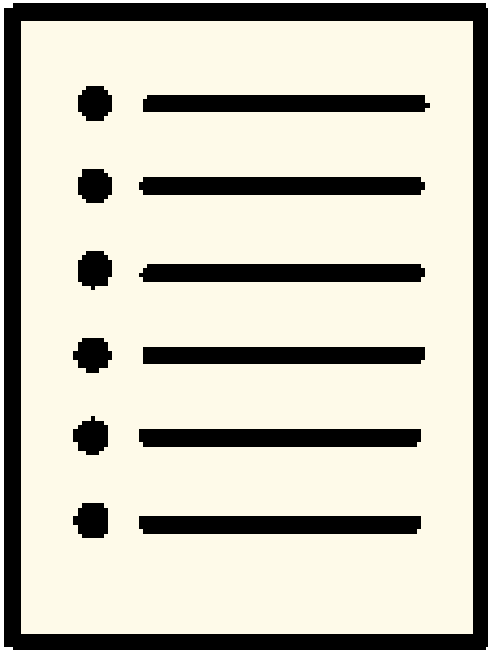

It will be a bit different this time. We have a new building which looks like this. This is ok.

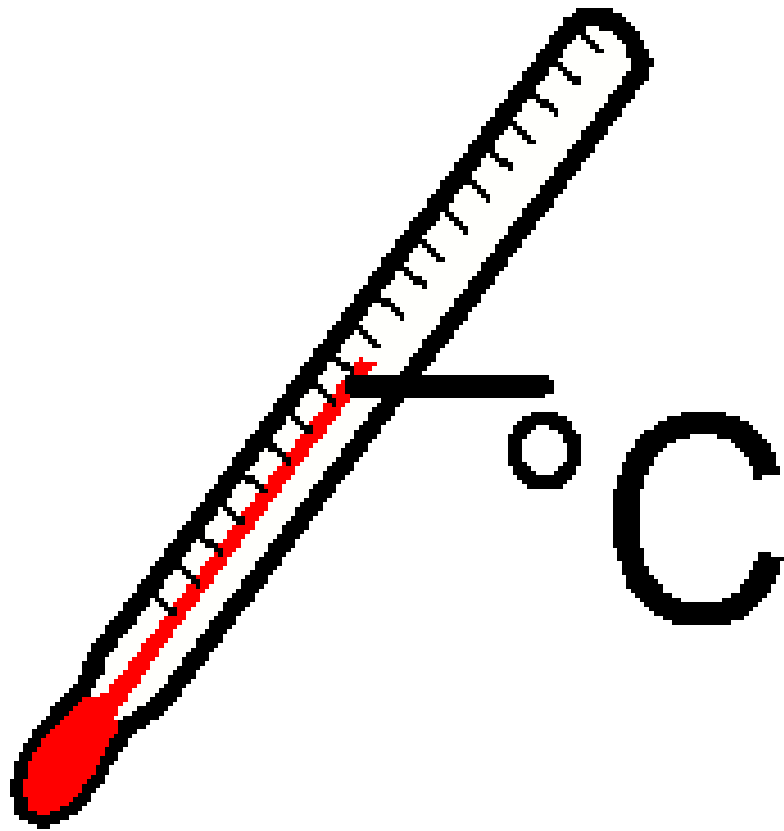

Ella will still be my teacher and I will still see my friends.

This is the new room where I will do my lessons. It is nice and big in there.

When I get to Dance With A Difference there is some rules which I must follow. This is ok it is to keep everyone safe and healthy.

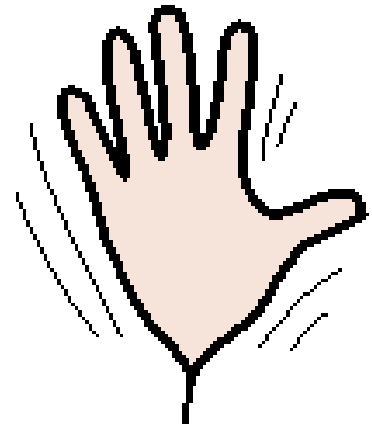

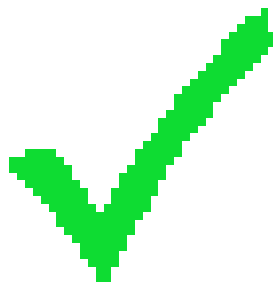

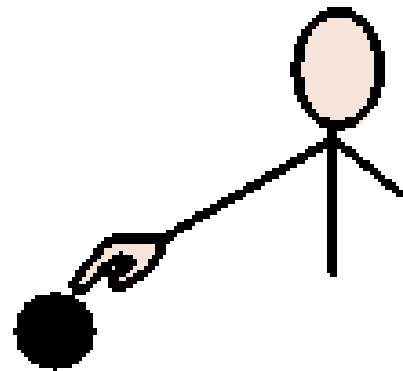

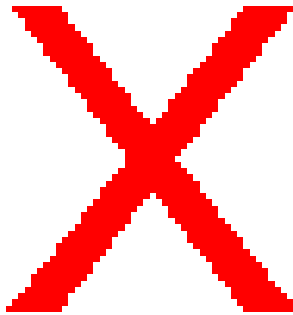

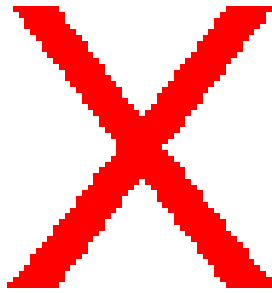

First, when I get to dance with a difference I will wait at the desk and sign in. I will then have my temperature taken. Then I will wash my hands with sanitizer this is to keep everyone safe and healthy. This is ok.

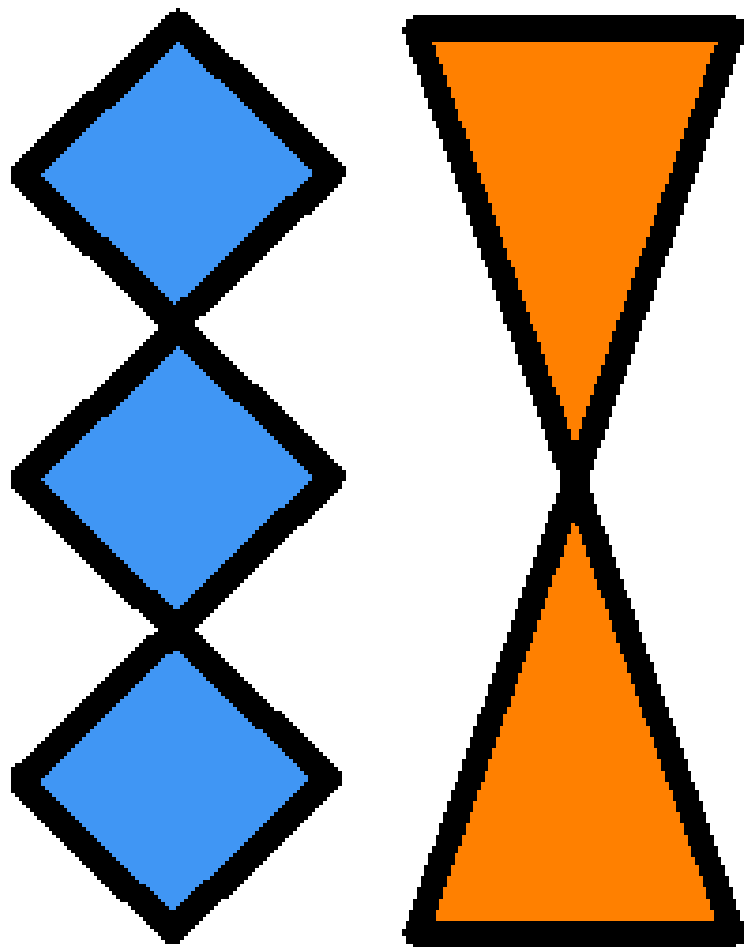

I must put my mask on if I have one. This is to keep everyone safe and well. This is ok.

Next Ella will tell me where to stand in the room. I will have a special marker that I must stay on. This is ok. It is to keep everyone safe.

I must try to remember not to touch or hug anybody else. This is to keep everyone safe. I could wave instead. This is ok.

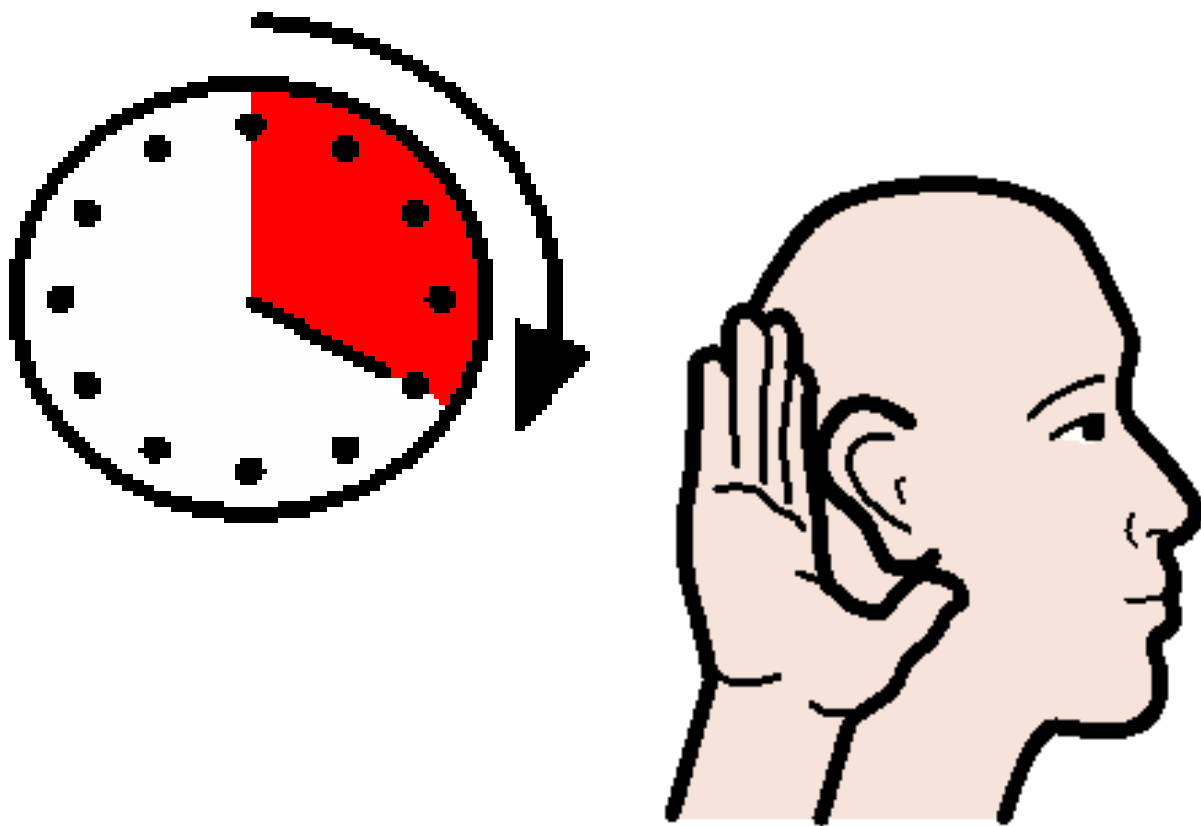

The lessons might be a little bit different and we might do different things to usual. This is ok . It is to keep everyone safe.

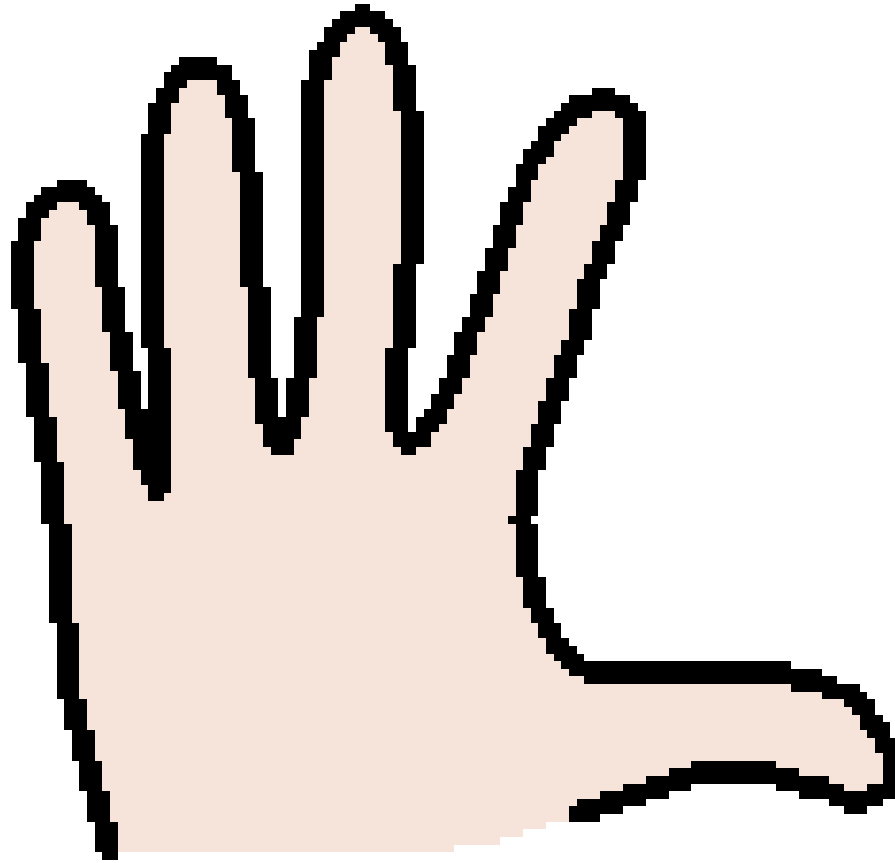

If I need the toilet I must ask and follow the instructions Ella tells me to. This is to keep everyone safe.

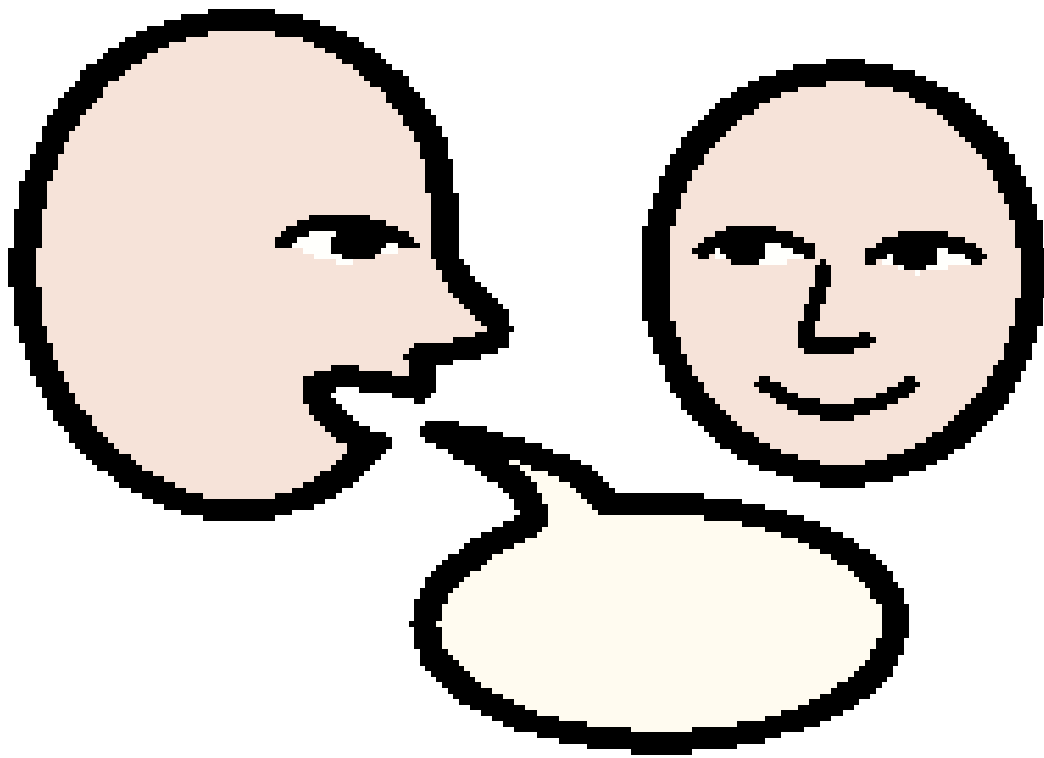

The new toilet looks like this.

When my lesson has finished I must wait and listen to Ella. Ella will tell me when I can leave and meet my parent, carer or guardian. This is ok.

When I leave Dance with A difference I must wash my hands again with hand sanitizer this is to keep everyone safe.

If I am worried whilst I am in my lesson I can ask to talk to Ella or an adult. This is ok.

I am looking forward to going back to dance with a difference now that its safe. See you soon .
